## UNIVERSAL COMBINATION RANGE

### BURNS COAL—GAS—WOOD

The UNIVERSAL Combination Range is the last word in beautiful, practical, sanitary and efficient kitchen stoves. Come in and see how this range may be converted to a gas, coal or wood stove in an instant by a simple "twist of the wrist." See the self-starter for coal and wood, the beautiful "UNIVIT" Porcelain, in Blue or Grey, the compactness, the broiler, the pastry oven. This will not obligate you. It is your duty to learn all about this wonderful range.

### Saves Space, Labor, Fuel, Food

Embodies all the conveniences of a Gas Range with all the advantages of a coal and wood range. No larger than an ordinary range. A warm kitchen in cold weather—a cool kitchen in warm weather. Absolutely automatic — no parts to change. Nothing to remember. Use gas, coal and wood fire for baking and cooking at the same time if you wish.

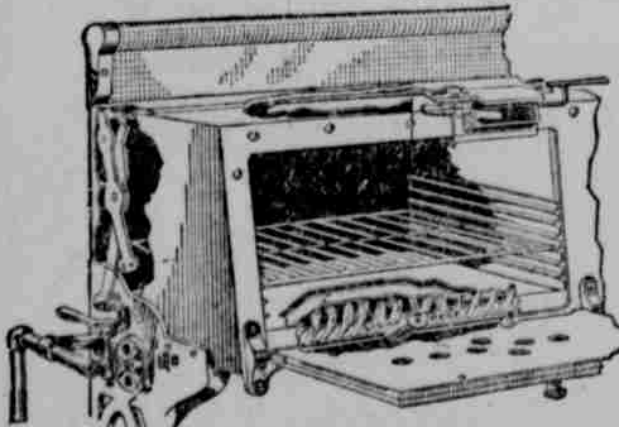

### Gas Broiler and Toaster

One of the finest features of the UNIVERSAL. Has large loop burner, porcelain broiling pan, adjustable racks, automatic flue and damper control. All smoke and odor carried direct to chimney—practical, simple, efficient. Be sure to see it during this exhibit.

### Gas Pastry Oven

A great convenience for small, quick bakings—pies, biscuits, cakes, cookies and custards. Has full circulating flue, scientifically insulated. Special patented device automatically regulates flues and dampers when gas is turned on or off. Be sure to see it during this exhibit.

## FREE! Set Rogers' Guaranteed Silverware During This Demonstration Only

## UNIVERSAL PORCELAIN COAL RANGE

### Just Wipe It Off

In the Universal Porcelain Coal Range, science has succeeded in producing "UNIVIT"—a porcelain which will not chip, crack or discolor from intense heat—has freed women from the disagreeable and laborious blackening of stoves and given her an artistic range, as clean and sanitary as the porcelain sink or bathtub. Come and see this handsome Peacock Blue or Pearl Grey Porcelain Range.

### The Range Beautiful

Sanitary, Washable, Indestructable

Don't confuse the Universal Porcelain Ranges with ordinary ranges. A scientific, perfected process makes this porcelain as hard as flint. It will retain its lustre and beauty to the end. It will not absorb grease. Just wipe it off! It is as clean and sanitary as a china dish.

### A Price for Everyone

In addition to the regular all porcelain range we offer many others at this exhibit—semi-porcelain, nickel trimmed and plain ranges. There is a price for every pocketbook.

Universal Porcelain Ranges are made of grey cast iron throughout. Why endure a bothersome, old-style dirty stove, when the factory has made it so easy to enjoy a bright, handsome Universal Range? Don't miss this opportunity.
